Siesta, brought to you by JanimeS

Strong sun shine, deep bright yellow

Clouds floating so low that I could almost catch

Those are what I can remember vividly when I recall the memories.

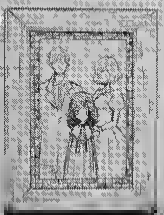
My parents passed away from a train crash 9 years ago. And when their funeral was being held,

I ..... critically wounded and was hospitalized.

As soon as I woke up, a new family embraced me. I was confused utterly.

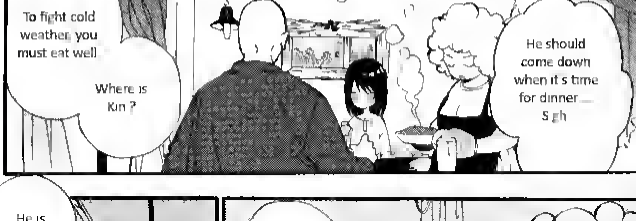
I do feel some sort of guilty for merely having experienced great pain from the accident and recall nothing else about it...

This ... when I ... I was ... good at adapting.

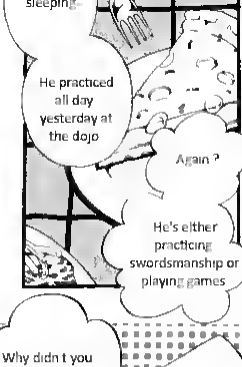


So, I was confident that I would be able to overcome any hardships in the future....

Spring festival is happening... but it's still cold out there...
The temperature of this area is low for Mediterranean sea region



To fight cold weather, you must eat well.
Where is Kin ?
He should come down when it's time for dinner... Sigh



He is sleeping...
He practiced all day yesterday at the dojo
Again ?
He's either practicing swordsmanship or playing games

Dia, you sold me out.
That imbecile...! About time you come down !

Why didn't you keep sleeping ? Did the smell wake you up ?
Mom, you are too mean to your son

Let me show you what it is like to be really mean.
You can eat only salads for dinner !

What's this ?!
There's no trace of meat !
Give me meat !
Quit being meathead !
By the way Dia, has your acceptance letter arrived yet ?
Not yet
I guess they are still rev ewing, eh
I am not taking a bite without meat !
Then don't !
Meat, meat, meat !!!
Snap out of it !
And quit playing with a stick !
I am planning to leave my step parents and enter a school in a big city once spring is here
"Playing with a stick" ?!
You don't know the beauty of swordsman ship !
Whatever !
It was step father's decision. He said one must play in a bigger bond to be successful.
While I agreed, I was concerned greatly about the cost of such a decision
Now where is Loe ?

Ah
Bro is partaking in the festival
I hoped to have some private time with him...
He's probably with some girl named Maria right now
Rosa
My real reason for accepting the decision was...
They got closer because she is also leaving for Varsha to study
They are literally a couple right now. Everyone at school knows about them now
Oh I see
Isn't Maria the pretty girl who visits Dia often ?
Oh yeah she is Dia's friend
Rosary
Quit calling Dia by her name. Address her properly by calling her sister

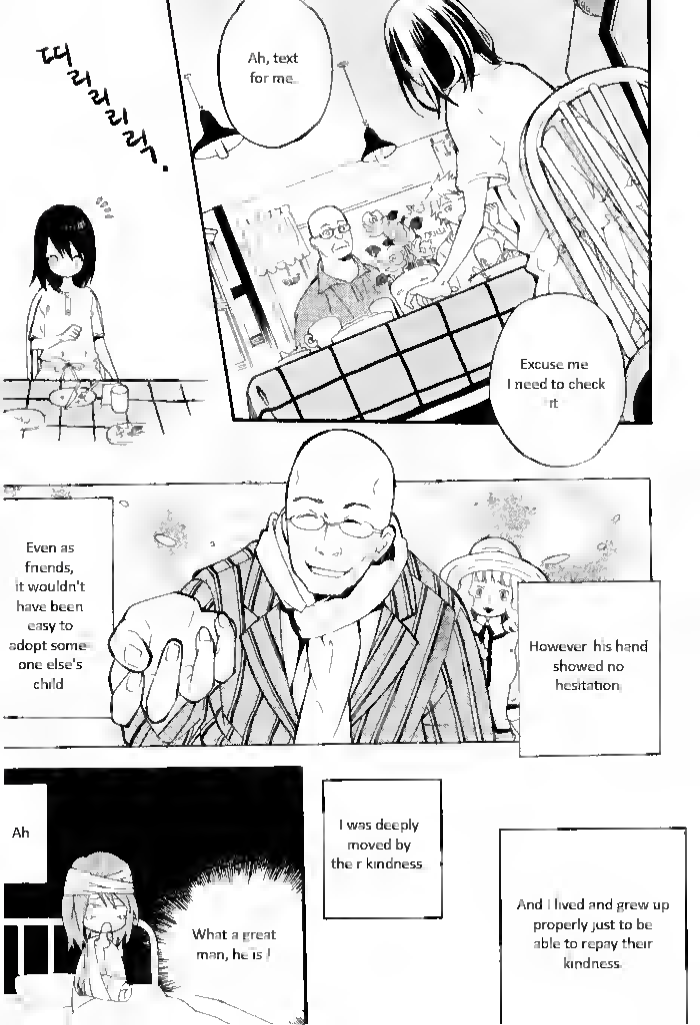
It's just one year apart
Maybe, she came to see Dia often just to get closer to bro
Call her Sister!
He doesn't have to call me sister
See? Dia doesn't mind
I do mind! You have to learn manners!
Anyway, it's hard to believe that Loe has gotten old enough to have a girlfriend now...
I feel relieved actually
I worned if both of you might grow feelings for Dia as hairs on your groin grew
I raised you kids as siblings
But Dia is not related by blood. Feelings can grow
I worned if the brothers would fight over beautiful deer Dia...
Dear, I want you to stop watching drama
Beautiful deer? Where?
I do see two cows though...

I do go to church on every weekend...

But my parents' graves were closer than the church. I didn't have to go to the church...

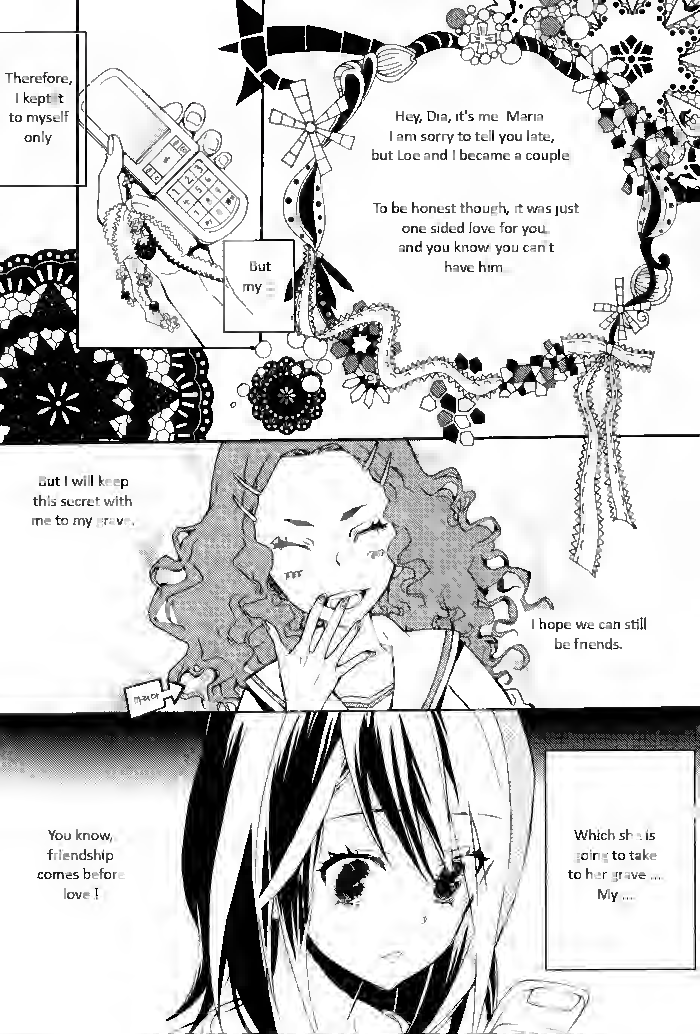
After they passed away

I was 7 years old when my father's friend, Mister Cruss, decided to adopt me.



따리리리릭.
Ah, text for me.
Excuse me I need to check it
Even as friends, it wouldn't have been easy to adopt some one else's child
However his hand showed no hesitation
Ah
What a great man, he is !
I was deeply moved by the r kindness
And I lived and grew up properly just to be able to repay their kindness.

Until...
I [illegible] to have [illegible] for Lee...
We were really like siblings
What happened
I became afraid...
That I might betray their kindness



Therefore, I kept it to myself only
But my
Hey, Dia, it's me Maria
I am sorry to tell you late, but Loe and I became a couple
To be honest though, it was just one sided love for you, and you know you can't have him
But I will keep this secret with me to my grave.
I hope we can still be friends.
Dia
You know, friendship comes before love !
Which she is going to take to her grave ... My ....

My first love !

Dia, where are you going ?
I am going out to watch the festival.
It looks like it's gonna rain Forget it.
Can you practice swordsmanship with me ?
I am leaving...
Hey ?!
Where are you going ?!
Hey, it's gonna rain !
Don't look for me !
What ?

This event is sponsored by Fridere bullet user association
It's nice to see that bullet users are getting along with citizens like this !
During festivals, everyone can be friends ! Even with pirates !
Haha— ! Even pirates ?
Shut up.

They will burn the dolls shortly as the finale of the festival.
Don't miss it!
I shouldn't have come.
Everyone is all excited and happy except for me.

I guess only the sky knows how I am right now...

Aren't you with your friends ?
If you are alone, come with us
Oh, Loe
Dia wouldn't be here alone.
Right, Dia ?
Help me out

Bullet users. "Bullet" is given by people because they are as fast as bullet
They have different blood types and their abilities are ranked in 5 ranks.
All bullet users can run a lot faster than others.
Their abilities are generally found in childhood and early teenagehood. Once one is found to be a bullet user, one must be registered and will be implanted with a barcode that will appear when abilities are used.
Bullet users are now allowed to co-exist with normal humans.
However, they must obtain permission in order to use their powers. High rank users have much more restrictions compared to low rank users.
One could say "discrimination", but it's been only a decade since bullet users were allowed to co-exist with others.

Chairman Leon has developed a battle suit that can only be used by bullet users.
Bulletron, they were called.
Bulletron played a vital role in defeating a pirate faction that had lasted for hundreds years.
People were shocked and amazed by superior firepowers that Bulletron displayed.
Many young bullet users applied to join Grande Corp to be able to use the bulletrons, and Grande Corp expanded their business at an exceptional rate.

Peece was finelly given beck to the people.
And they finelly started to see bullet users differently
Ah , what to do now
I hed no idee that I would be called over to the principel's office just beceuse I used bullet ebility without permission
I thought it'd be over lest night by being scolded by the egents
Welcome.
You heve e guest

Eh, he is from the festival ...
Ah, hello
Why are you here ?
Your presence is being asked.

This way please.
It's like a palace here.
Ah, yes.

It's him !
I thought he'd be in a jail !
Uh -
He had a fight with other bullet users and even harmed them in downtown !
The one from yesterday.
And his electronic bullet ability is rank S, I am sure !
It's strange to see him even to be with others !

Little master, you are here, too
So, he is a son of this place !

The candy is from a far away country in East. Its flavor is roasted rice made from top quality masterials.
I apologize, but I did a bit of background search on you.
So, you are a bullet user like my grandson here.
First, I'd like to thank you.
Secondly, I have a favor to ask of you.
But my rank is the lowest
Hohoho, the reason I called you here today is

Thank me ?
Hahahaha
If it weren't you, my grandson would have gotten in a serious trouble.

My little puppy has made me constantly worried due to his ill health
Look at his nose now. he has always had a cold, always
He has rhinitis. That's all.
Now they try to bully him

Anyway, Marco.
What have you done to those whose nails should have been pulled off and then be forced to commit seppuku ?
I placed them in a juvenile facility and erased their citizen IDs !
You should have made them commit seppuku !
. . . . .
Oh, my manners. We haven't even introduced ourselves.
Marco.
Allow me.
She is the mother-in-law of Devante Don Leon of Grande Corp
Arcadia Grande
And little master is over there Chairman Leon's 3rd child, Cid Leon.

Grande Corp ...
Way way bigger than just mafia ...
Hohoho, yes
The same Grande Corp which has made this nation to be nicknamed "Grande republic". The same Corp that can make flying birds roasted in sky.
Madam, please.
A, anyway, ma'am, it wasn't me who saved your grandson. He -
And that is exactly why his life is always being treatened !
It's already pitiful enough that he was born with ill health and bullet ability !
And with his family background, the puppy has always been in danger of being kidnapped !
My little puppy !

He needs a friend who can protect him and is always by his side.
For an example -
Like you !

Ma'am ?!
There must be a misunderstanding !
You may be a little girl, but you've defeated so many thugs at once ! I am amazed at your ability !
Please listen to me !
Futhermore, you had the decency to help a weak boy in need !
From what I've found out, you plan to attend a school in Vasha soon.
My grandson attends a school in Vasha as well
Professional bodyguards are not allowed in schools.
You happen to be the same age as him. I will place you in the same school and in the same classroom.

Grandma, what did you say ?
I think I heard bodyguards and stuff. What's this about ?
Yes, I want to protect my puppy.
I don't need protection.
He said he doesn't need me !
So, please
Please think about my proposal.
I am doing this for you
Don't
Don't
Don't
Eh, well ...

I felt like I was out in rain, completely unprepared for rain.

In fact, I felt like I just faced a storm.

Well, sometimes something really odd can happen in life.
Still, that was really suden.
Don't listen to the old women.
Hey
So, he was just pretending to be e nice boy in front of her—
Why does she worry so much ?
Or meybe he is worried of his grendmother ?
He may not be so bad.
I don't went her to grew eny more white heirs.

I am really -
Sick of it !
.....!
Please understand little master.
He spent his childhood in a hospital.
Thus, he had no time to make friends, and his personality has gone a little to the dark side, but he is still a very kind and sort birdie
See ?!
Who the hell is "kind and sort birdie" ?! Will you stop with that crap ?
Please don't be shy.
Enough already, you 2/8 black ! (?)

Hmph, it looks like my warning got through you. Are you scared of me ?
It's not that. I don't want to.
Most of all, I don't even have the ability to protect you
I don't have any intention to be your bodyguard
He is a kid.
You wanted to scam money out of the old woman but got scared because of me !
I never had that kind of intention !
Don't you lie to me ! Why did you even come here then ?!

I don't know about being scared of you, but you were strong.
Of course.
Well, I am glad to see you again.
Though we won't be working together.
Why don't you introduce each other ?
It must be fate that we met like that and like this.
I am Dia Canto.
오
Oh -

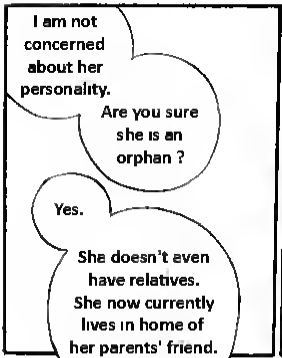
Oh !!

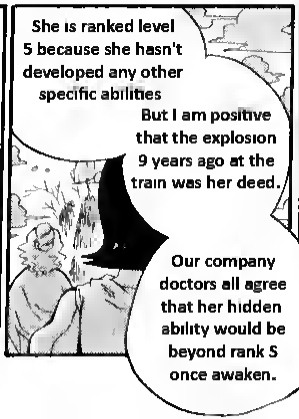
I don't shake hands with someone I will never see again.

.....!

Oh ..., so she didn't respond to Cid's provocation and actually handled his provocation well.
Yes.
Despite of her age, she seems level-headed and has guts.



I am not concerned about her personality.
Are you sure she is an orphan ?
Yes.
She doesn't even have relatives. She now currently lives in home of her parents' friend.



She is ranked level 5 because she hasn't developed any other specific abilities
But I am positive that the explosion 9 years ago at the train was her deed.
Our company doctors all agree that her hidden ability would be beyond rank S once awaken.

She meets all the requirements ...

In a case Cid gets himself into a trouble that he cannot handle ...
If we have her ...

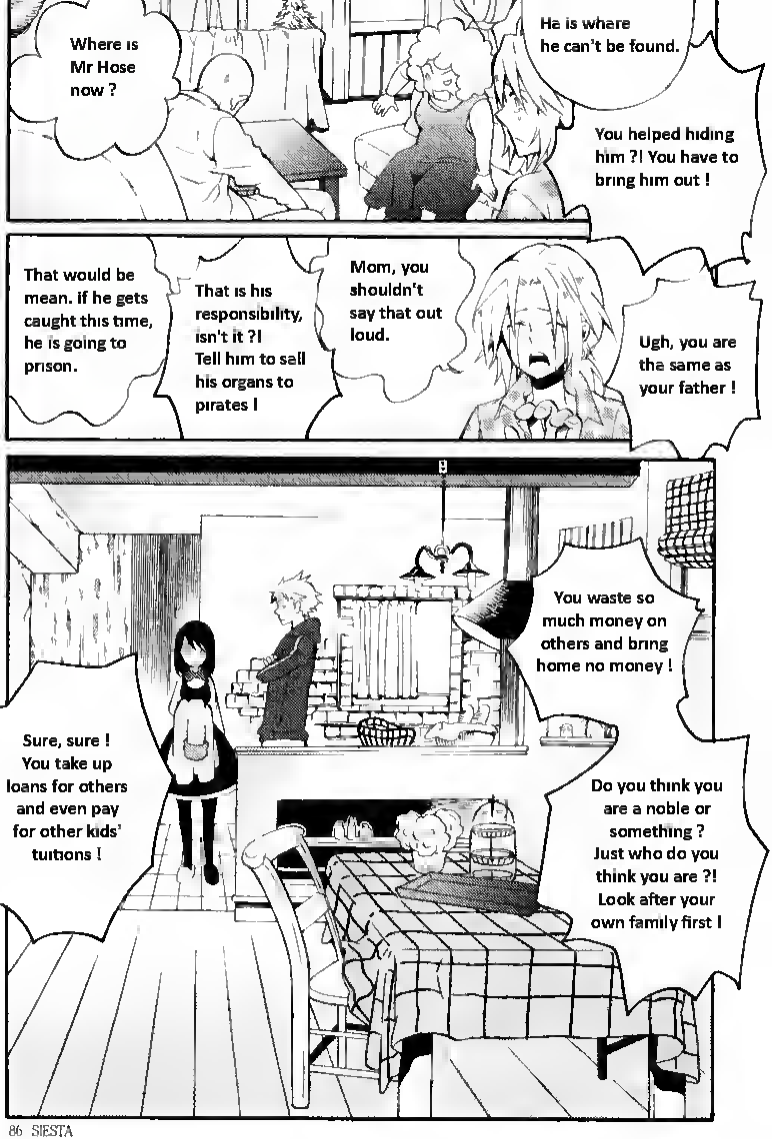
.....
I am gonna make a call and refuse firmly.
Die !
I heerd you were summoned to the principal's office ?
Maria !
It was nothing
.... I, I have something to tell you !
I knew you had feelings for Loe.
So, I was feeling bad about it and was going to refuse.
When I met him few times to refuse, I realized that Loe was too good of a guy to let go.

I really feel sorry about you.
Loe ...
Asked you first ?
But I didn't want to lose Loe.
And ...
If you two could have been made a couple, I wouldn't have bothered.
But Loe and you are like a brother and a sister.
siblings ...
I do know.
So, you don't need to feel sorry about me, not at all.

Are you mad ?
What ?
N, no !
But your tone... !
And your staff face...
And what you said... !
You are really pissed, aren't you.
No, I am not !
What I want to tell you is that I want you two to be -
Cursed and face horrible death ?!
so, you ARE angry !
I am sorry. I am so sorry, so so so sorry !
I never said any of that !
I've never seen Dia so angry ! What I did was horrible wrong, isn't it !
That was really hard to calm her down !
But that was truth.
Maria really had no reason to apologize.
JANIMES.COM

Because even if this didn't happen ...
I would have never been able to propose to him anyway ...
Because I want to be their daughter more than
wanting to be Loe's girlfriend ...
Well ...
The I started to like Loe in the first place was ...
I am home.

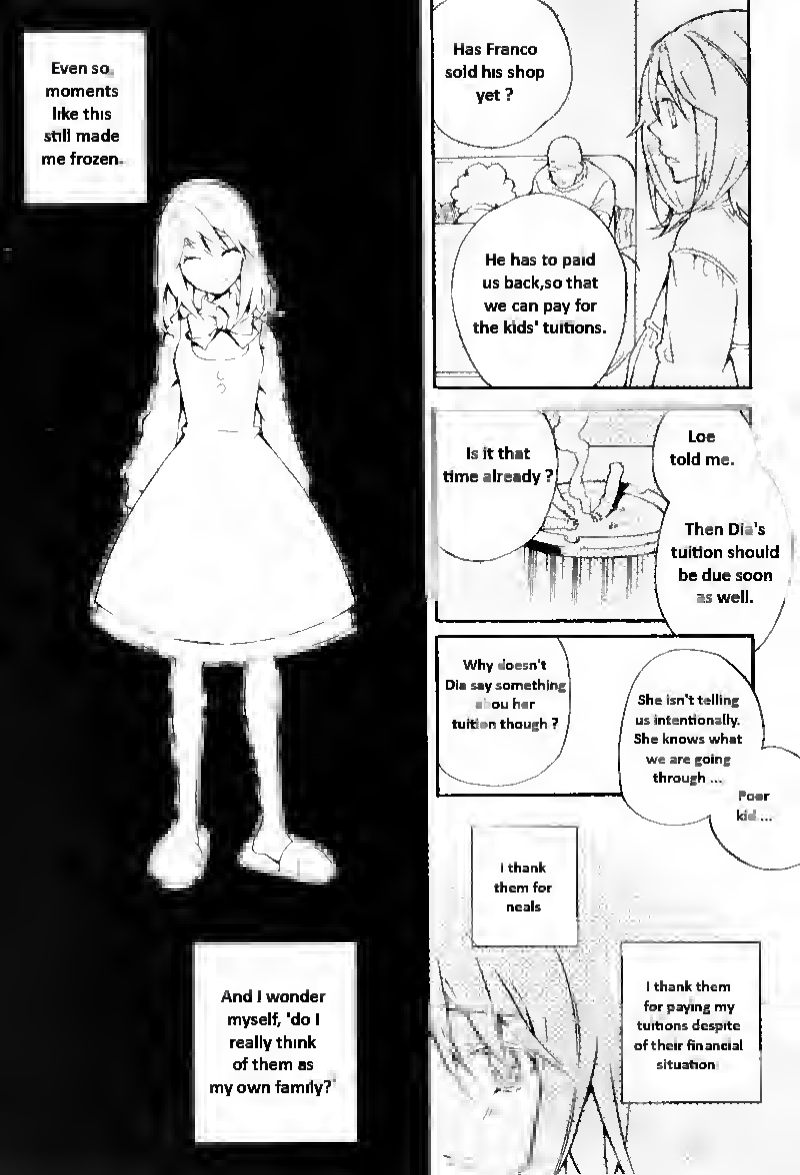
I am home.
Are you playing a trick on me again ?
I CANNOT LIVE LIKE THIS !
Stop.
DO YOU HAVE ANY IDEA HOW MANY TIMES YOU'VE BEEN SCAMMED BECAUSE YOU BECAME A GUARANTOR FOR YOUR FRIENDS' LOANS ?!



Where is Mr Hose now ?
He is where he can't be found.
You helped hiding him ?! You have to bring him out !
That would be mean. if he gets caught this time, he is going to prison.
That is his responsibility, isn't it ?! Tell him to sell his organs to pirates !
Mom, you shouldn't say that out loud.
Ugh, you are the same as your father !
You waste so much money on others and bring home no money !
Sure, sure ! You take up loans for others and even pay for other kids' tuitions !
Do you think you are a noble or something ? Just who do you think you are ?! Look after your own family first !

Are you going to spend your whole life helping others ?!
Are you seriously going to watch your own family starve to death while fattening other kids who aren't even ours ?!
Uh !!
.....

The air froze.
And I felt uneasiness.
Her shocked face clearly told me :
"I didn't mean you."
I knew, so I beamed a smile back at her.
Dia, you are home.
You are a little late today.
Don't change the subject !
The air soon became warm again.
I knew ... I've known for a long time...
That this family truly cared about me and treated me as if their own.



Even so, moments like this still made me frozen.
And I wonder myself, 'do I really think of them as my own family?'
Has Franco sold his shop yet ?
He has to paid us back,so that we can pay for the kids' tuitions.
Is it that time already ?
Loe told me.
Then Dia's tuition should be due soon as well.
Why doesn't Dia say something about her tuition though ?
She isn't telling us intentionally. She knows what we are going through ...
Poor kid ...
I thank them for neals
I thank them for paying my tuitions despite of their financial situation

I wake up before anyone else and get ready for school.
Even if they don't tell me anything, I come back home early.
Not once have I lied and went out with friends.
What mom said,
Dia
Don't mind it.
I met Maria today.
Oh, yeah ?

She told me that you asked her out first ?
Since when did you like her ?
Well ...
Since the first time I saw her !

Normally, daughters wouldn't think like I do ...
If they are related by blood, they wouldn't ...

If...
If I marry
Loe -
And
if I bear
his children,
then I will
truly be one
of the family.
They wouldn't

such a reason...

It's good that they are simple people.

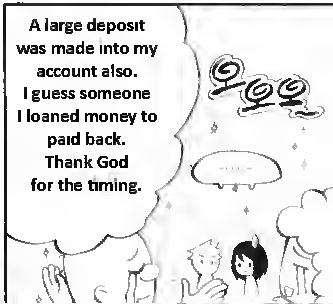
Anyone would find this weird except for that stupid family of mine !
Hey, you call your own family stupid ?



A large deposit was made into my account also. I guess someone I loaned money to paid back. Thank God for the timing.

Do you know anything about that ?

Bullet user rights law is just a folly ! Change it !

The city was once the capital of a legendary pirate nation.
However, now, this place is another source of legend where Grande Corp began its tale with Bulletron. The city is also the largest in its region.

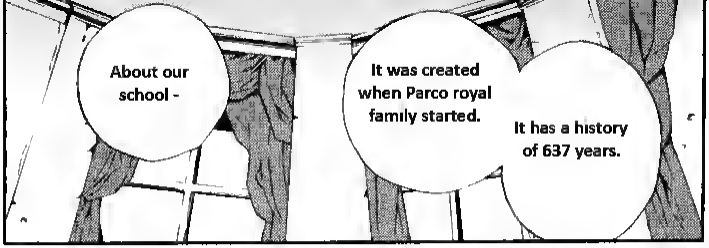
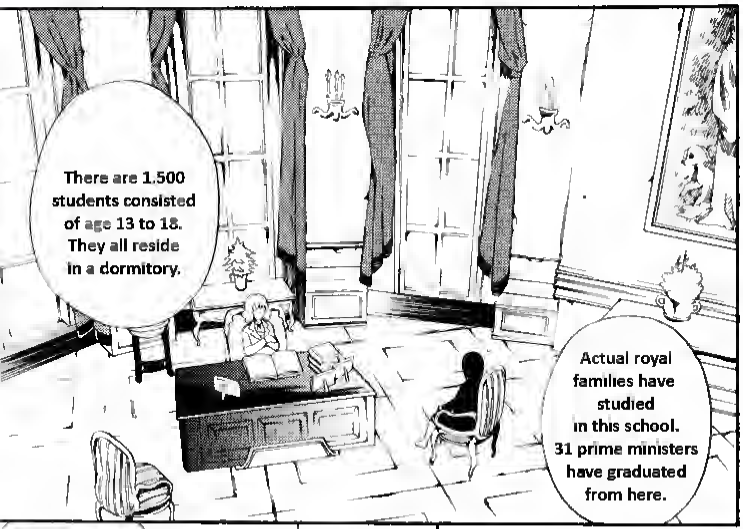
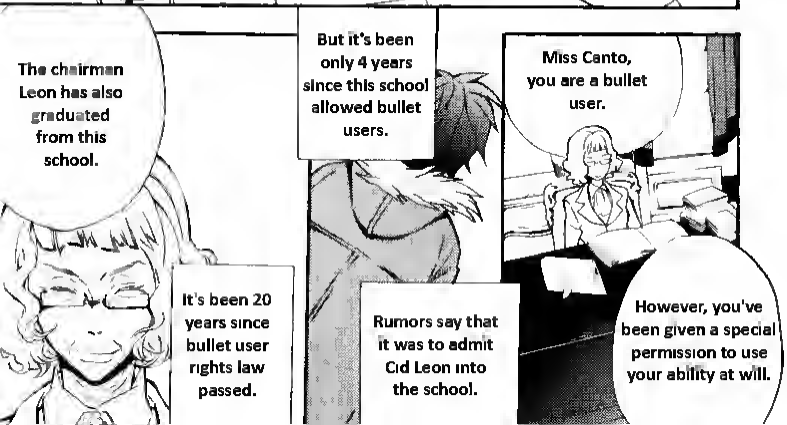
I am sick of them !
They are hopless losers !
I didn't feel any discrimination back home ... Vasha is different
I should be careful here.
Ok, this is as far as we can go together, Dia.
I am jealous ! You are going to Parco !
On eastern side
Vasha royal institute



About our school -
It was created when Parco royal family started.
It has a history of 637 years.



There are 1.500 students consisted of age 13 to 18. They all reside in a dormitory.
Actual royal families have studied in this school. 31 prime ministers have graduated from here.



The chairman Leon has also graduated from this school.
It's been 20 years since bullet user rights law passed.
But it's been only 4 years since this school allowed bullet users.
Rumors say that it was to admit Cid Leon into the school.
Miss Canto, you are a bullet user.
However, you've been given a special permission to use your ability at will.

Yes.
But I will be careful.
She doesn't even ask why it is so.
I guess [illegible] has been informed already.
This is the [illegible] of Grande Corp.
4-B is to east.
For dormitory, refer to the map.

I am [illegible] just asking you to be his [illegible] bodyguard.
I am afraid that he might be bullied
I want you to be his good friend who he can rely on.
Well, since I said I'd do this, I guess I will do my best !

Argh !

Ah !
Hey
You are the transfer student, aren't you ?
Yes...
I guess you don't know who that is. That is Cid Leon.
Don't mess with him.
You saw him use his ability right ?
He is a SB type bullet user. Nobody can do anything to stop him since he is a son of the chairman Leon.
Normally, he'd be confined and isolated from others.

Um..
Be careful.
And never join the glass crafting club.
It is unlucky that he's in our class !
I really hope that they make bullet user only classrooms !

Glass crafting?
Cid Leon's the club leader.
Bullet users who follow him joined the club and it is now a chaostic club now.

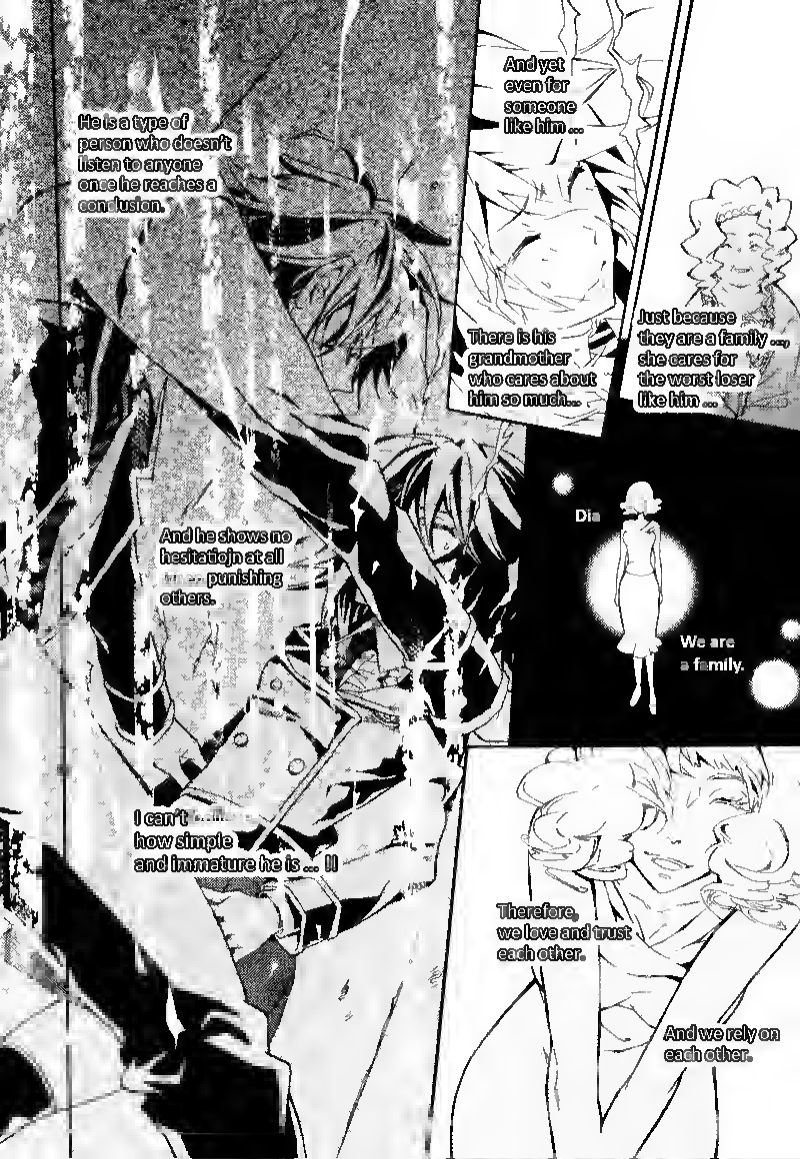
That also means you got a payment.
She mis-understood the whole situaton ...
And you used it to your advantage. That is a scoundrel.
... Well, I guess I can't talk back.
You are right. I needed the money.
In return though, I will do my job. I will look after you.

Anyway, you are quite infamous in this school.
But you were such a nice boy in front of her
She is genuinely worried about you.
She called you "my puppy" "my puppy", you know.
And you played back quite nicely also.
"I missed you so much," you said.
Puppy ?
Cut Leon ?
파지지!
벌컥

Hey, who the hell are you ?!
How dare you mock me !

When did I ...
Mock you ?
You did it intentionally !
Puppy and stuff ! To mock me !
You said it out loud ! While others were passing !
So, he cares for others' eyes, I see.
No, no.
I was just trying to tell you how much she cares for you ...
It... hurts !
AH !
He is serious !



He is a type of person who doesn't listen to anyone once he reaches a conclusion.
And he shows no hesitation at all in punishing others.
I can't ... how simple and immature he is ... !!
And yet even for someone like him ...
There is his grandmother who cares about him so much...
Just because they are a family ..., she cares for the worst loser like him ...
Die
We are a family.
Therefore, we love and trust each other.
And we rely on each other.

that is what
a family is ...

Huh ?
탁
What are you doing, captain ?
... A girl ?

Oh, it's you guys.
She pissed me off, so I was about to punish her
Yay, what kind of punishment ?
Count me in, too !
Maybe, I will burn her hair and make her bald.
Oh, come on. Let's do something more extreme
- Ah !
The punishment can wait for now.
E.E. guys showed up.
They are claiming that someone filed a complaint against you.
I am sorry, Cid.
They forced me ...

Yep, Gongja here sold you out.
I didn't mean to ..
How stupid can you get ?!
Ah ?
Captain ! Behind you !

WOW!
I said it was a misunderstanding !
How ...
Dare ...
You ....

I've captured him, Faz.

I found Cid Leon, bitch !
It was me who provided his location.
Ugly bitch.

Who are you calling ugly ?!
And how dare you sit on me !
Get off !
I am afraid not.
The priority now is to seize Cid Leon.
Are you going to take responsibility if you break my back ?!
I would not.
Who are they now ?
Hey
Let's make a run for it now.
Kesha ! We can't leave without Cid !
Stay here then.
Hey, you the girl over there.
Aren't you leaving ?
You are going to be interrogated for being in the scene.
Just hold my hand.
My ability that lets me pass through walls
Can retain its effect to those holding my hands also.

interrogate ?
If I get into a trouble as soon as I start my first semester, my family will be informed surely.
I don't want to burden them, but my job is to protect Cid Leon ...
I will remain here.
Bye now.
Oh, yeah ?
Um -
I don't know what he has done wrong but -

We all attend the same school.
Why don't we talk this over ?
Are you -
Cid's girl ?
?!
That's gross to even think about !

Yeah, who are we kidding here ?
Cid's taste is glamour girls !
And you've got nothing on your chest, so of course not !
깔깔깔깔
?!
Talk ?
Nonsense.
We are E.E.
Our job is to keep order in the school.
We are de facto school police.

Seizing someone like Cid Leon who just loves chaos is our job.
Now we need to get him into this anti-bullet handcuff.
철커
I am hoping we can get Cid Leon to quiet down with this finally ...

And our school will find peace once again.
And Faz's justice will rise high.
Ah - !
!!

Cid !
No time to argue. E.E. are coming !
I wasn't paying attention and you bitches caught me off guard !
You little ... !
We have to leave here right now !
Fine, whatever ! I am not scared of them !
No, if you get caught again, they will force me to be a witness and escalate the case to school court !

How dare he ...
I have to make up for my mistake !
You can count on me, Faz !
Amelie, stop !

We meet again.
I guess you didn't taste enough ?
You are just another peon with teleport ability !

Take this ! I've taken your friend as a hostage !

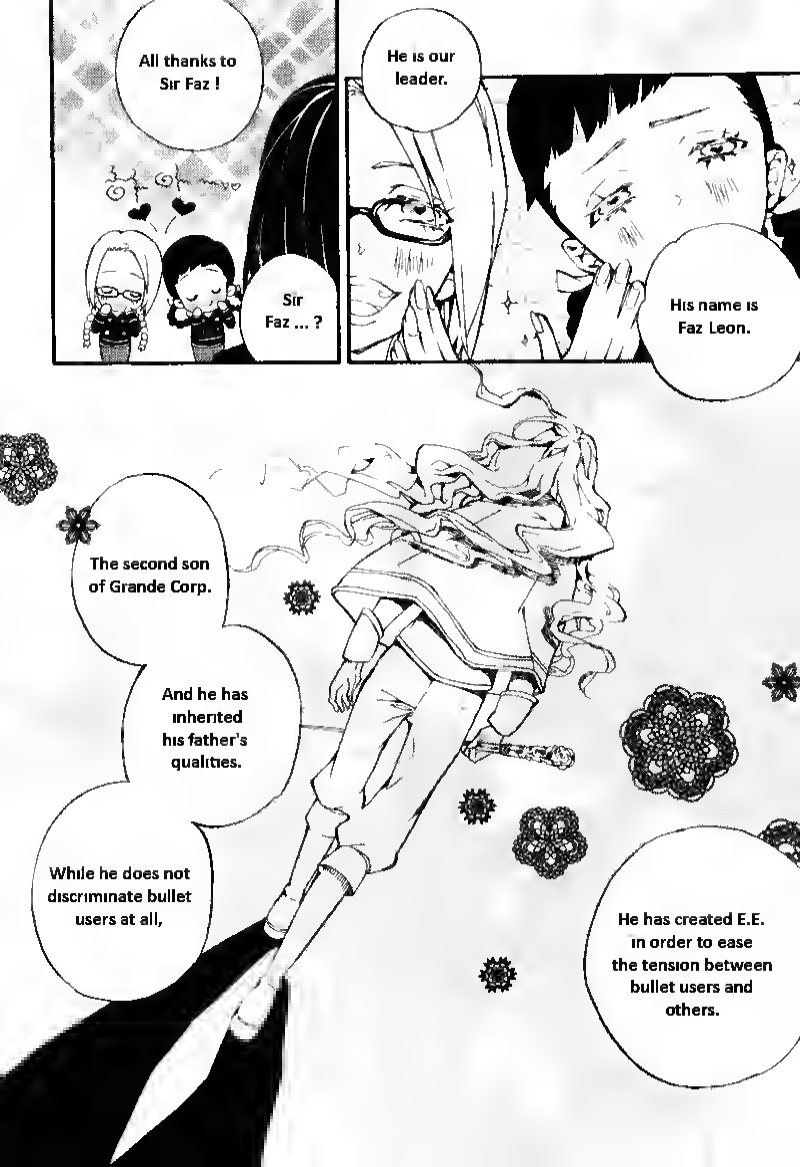
Cid Leon,
how could you !

JANIMES.COM

Blond...
Just like Loe's

I see.
You've been transferred today here and didn't know what you were getting yourself into.
By the way
What exactly is E.E ?
Yes, that's so.
Ah
E.E. basically means school police for Pacro royal institute.

After Bullet users became allowed in this school,
Bullet users started to cause troubles
E.E. was established to counter them
But E.E. also seems to be consisted of bullet users...
Yes, you can't exactly fight back effectively against bullet users otherwise.
i believe you are a bullet user as well. Why don't you join E.E.?
Once you join us, you can use your ability freely within school boundaries.
I see. Just give it a thought.
But we should not end our efforts.
Thank you, but my rank is only 5...
We want to go beyond where we are at.
And E.E. is the only bullet user organization that is respected.
The era has changed, but as you know, we, bullet users, were critically discriminated.



All thanks to Sir Faz !
Sir Faz ... ?
He is our leader.
His name is Faz Leon.
The second son of Grande Corp.
And he has inherited his father's qualities.
While he does not discriminate bullet users at all,
He has created E.E. in order to ease the tension between bullet users and others.

They say he is ... Reincarnation ! Look how handsome he is !
Just looking at his platina blond and crystal purple eyes make my days pleasant !
.....
Um ...
Since he is chairman Leon's son ...
That would make him Cid Leon's ...
YES !
HE IS THAT TRDUBLESDME IMBECILE CID LEDN'S TWIN ELDER BRDTHER !
WHY DID CID HAVE TD BE BDRN IN LEDN FAMILY ?! HE'S RUINING THE FAMILY'S GDDD NAME !
HE IS SIR FAZ'S DNLY SHADDW !
!!

How is she ?
S-
Sir !
She's fine.
Good.

꺄아아아
His tranquil smile was like shattering light particles of fall in a mirror ...
He is Cid Leon's twin brother ?! No way !

SIESTA

It's the same also for Cruz brothers who grew up to be very different under the same parents.
His hair is bright blond and as if reflecting his hair color, his character is bright and warm. Loe, he is the elder one.
Kin is the younger brother who has less bright hair color. He is lazy and childish.
When they have free time, Loe usually does volunteer works or help with house chores. Meanwhile, Kin usually devotes his time for games or spends his time for sword practice.

They may be different, but people somehow knew that they were brothers right away.
Your sons look well and handsome
Identical eyes with slight differences in location and shape.
Their easy going eye style.
Their positive attitude influenced by their parents.
Oh, you had a daughter ?
This is my daughter
She looks nothing like you though
I may look different from them but -
Ah ..., there must be ... something with blood.
Perhaps, it's the way they act, speak, or .... There must be something.
I am still their sister ...
or so I thought.

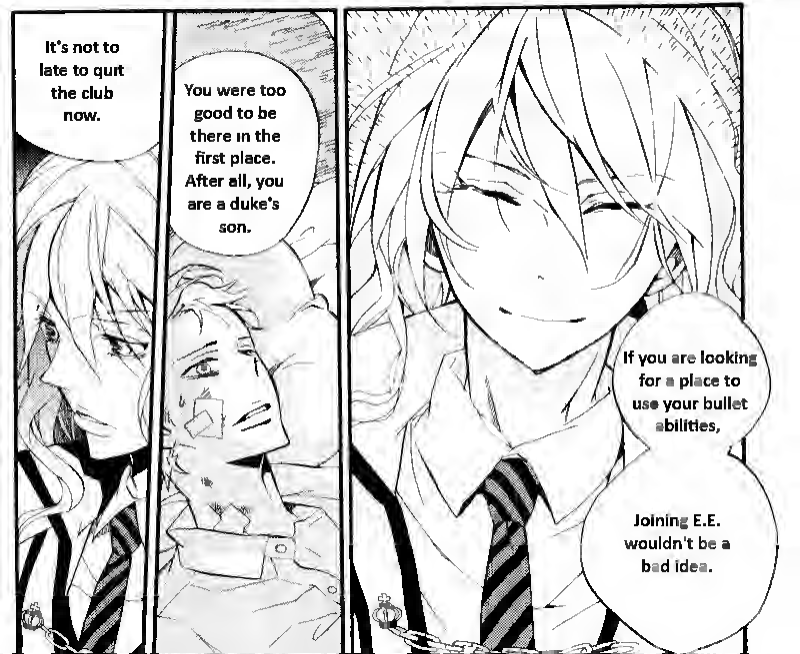
I feel like I've been comforted by him —
Well then -

Not so bad considering he was struk headon
He had severe burns all over the body, but we initiated healing right away it's only 1st and 2nd degree burns now
His skin is currently swollen and has blisters Once he is treated for those for few days, he will be fine
How is Deras ?
Sir.
As for Amelie, her damage is much less.
Good to hear
Faz ...

Deras, It's unfortunate for you.
But I am sure that this incident has made you realize how ruthless Cid is.



It's not to late to quit the club now.
You were too good to be there in the first place. After all, you are a duke's son.
If you are looking for a place to use your bullet abilities,
Joining E.E. wouldn't be a bad idea.

Join us at E.E !
Many amazing benefits you could never imagine are waiting for you !
First of all !
You can start your morning pleasantly with Sir Faz's morning wave diamond dust bing-bing smile !
Secondly !
You can end your day with Sir Faz's instruction which is like well roasted coffee !
You will be with Sir Faz !
Join us !
Thanks, Faz.
But ...
i ...

Don't tell me that you are hesitating ?!
No way !
Deras
Wasn't today's incident enough for you to realize ?
Cid does not see you or anyone as his fellows.
He thinks he is the king and everyone else is his peon.
He is full of his childish ego.
And he is stupid enough to think that he can command even the Pope.
Yes !
We don't know why there are people gathering under him !
Be silent, you two.
Yes...
As his twin brother, I've observed him for years.
He will not change his ways.

Ranks exist for discipline. And we'd never use our comrades as meat shields.
E.E. is different.
... I know well about Faz's fame and charisma.
You are truly well suited to be chairman Leon's heir.
Yes, you are different form Cid
But I ...
Prefer the way it is now.
Ahah -
Well ...
I kind of expected this to happen, so I wasn't shocked.
So, you don't care what has happened to you today ?
You deserved this outcome.

What...
Being the crown heir of the Duke and the Admiral Deras,
You were given the title of Don upon your birth, Benedictus Don Deras.
탁 탁 탁
I've always wondered why you'd act as a servant for lower class people under Cid.

.....
Servant ... ?
Am I wrong ?
They say you take care of all chores given by members of Cid's glass crafting club

You've even chose to fight the crowd to get foods in cafeteria for those whose classes are much lower than you.
It's hard to think that you are aware of your social rank.
Now I see that you actually find enjoyment in what you do.
Therefore, I said you deserved it.
You may be a duke's son, but you were a bullet user.
You were glared upon by others. But if you were with Cid, they'd fear you instead.
And you found enjoyment in being able to look down on them.
Even if it were Cid's accompliments.
And you've shown that you can turn your allegiance easily for your safety and benefit under pressure.
That was because you threatened me that you'd report this to my father !
Yes, in other words, your top priority was your own safety.

You are so right !
타

I'd rather not have someone like you in E.E.
His habit when he gets impatient
Why does he always cross the line when it's about him ?
Still, you are cool whatever you do
First Love
꺄아 꺄아

What to do !
What to do !
How am I gonna face Faz now ?!
You've always ruined your accompliments by going too far.
If you just stay put, you can be average at least.
Shut up !
I just wanted to make up for my mistake ...
I just wanted to please Faz ...
Amelie.

JANIMES.COM

She's been crying ever since.
Amelie
Don't feel too sad now.
Sir Faz, you are always being too kind to her.
You should know that we lost Cid because of her.

You should scold her when she needs to be
It was clearly her fault today.
Jin, that's enough.
Jin is right.
It was my fault today
I am willing to take any punishments for today's disappointment I caused for you
That is not the reaction I expected
Yes, Amelie.
But you did your best.
Those who did their best does not need to be punished.
yes...
uh...

uh...
uh...
Don't cry now.
Faz ...
NEXT TIME ...
NEXT TIME ...,
I WILL ...
I WILL CAPTURE CID NEXT TIME AND PLEASE YOU
Cid...

You lack ...
basic quality as a human being
You harmed your comrade without any kind of hesitation ...
And Deras says he is fine even after that ?
Does he have some kind of mental issues ?

You are...
an embarrassment to the Leon family which I will have to carry on forever !

Parco royal institute east dormitory

This is it.
Wow, I can see the sea.
Vasha is a port city, so it has a good view.
I guess my roommate is not here yet ?

Anyway, I wonder where Leon ran off to ...
It's been pretty chaostic even from the first day.
I miss home already.

What is going on ?
How is Loe ?
Loe ?! Don't even talk to me about that idiot !

The students here are so so weird !
I wanna go back home !

Just because we are from country side, they ignored us outright !
And told me that my hairstyle was old fashioned !
I bought the most expensive bag I could afford but here they think it's a fake and don't even know the brand !
I grabbed her hair out of anger !
Loe should have sided with me as my boyfriend !
But he spoke some gibberish about 3rd world children dying of starvation and that all conflicts must end for world peace !
Yep, that's Loe.
Loe's speech made the situation worse !
And to be honest, there are so many prettier girls in Vasha.
I don't feel confident anymore !
That's not true, Marla.
I haven't seen any girls who are prettier than you in the famed Parco royal institute.
Vasha girls are all fake with heavy makeup.
Dla...
So, cheer up... And about Loe —, he's like that. That's normal for him.
Got it ! I gotta hang up now. I need to put together all the stuff I bought today !
Okay...

I am an expert when it comes to handling Maria.

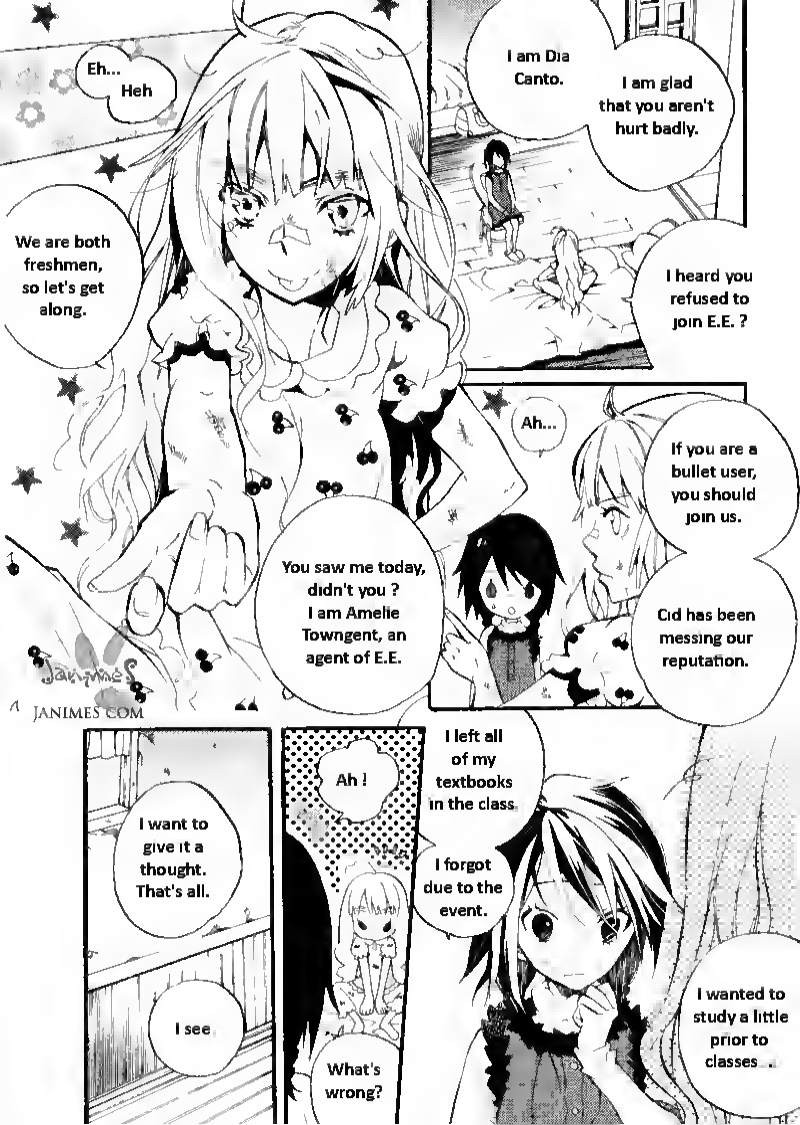
Oh, someone is here.
Are you the new roommate I was told about ?
Ah ?

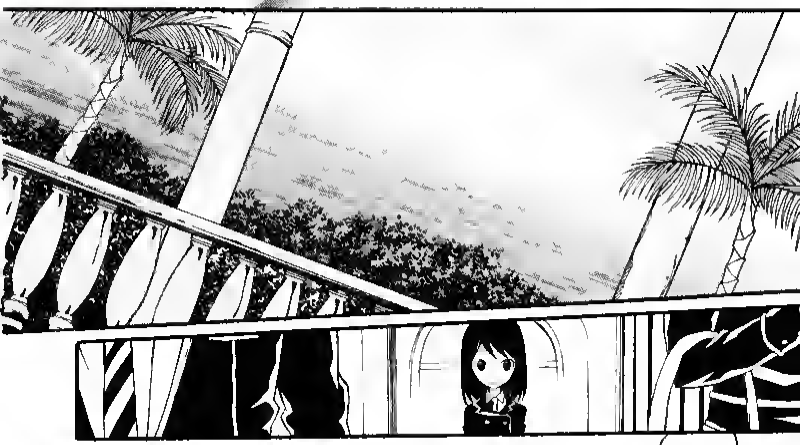


I am Dia Canto.
I am glad that you aren't hurt badly.
I heard you refused to join E.E. ?
Eh... Heh
We are both freshmen, so let's get along.
Ah...
If you are a bullet user, you should join us.
You saw me today, didn't you ? I am Amelie Towngent, an agent of E.E.
Cid has been messing our reputation.
JANIMES.COM
I want to give it a thought. That's all.
I see.
Ah !
What's wrong?
I left all of my textbooks in the class.
I forgot due to the event.
I wanted to study a little prior to classes...

Oh, are you a good student ?
Well, I try.
You might be helpful for me then.
Your classroom was Northern B right ?
Yeah.
A sec !
These ?
!!
T,thanks.
You can teleport ?
Well, yeah, but my rank is only 4, so it backfires sometimes ...
I am rank 5. All I can do is dash and jump.
That's better for safety, trust me.
She look like a--- girl. I am glad.

I hope all will be well ...

Protecting Cid Leon as well as my school life ...



Yeah ...

Did he come to school today ?

I hear you got involved with Cid Leon yesteday ?

Where might he be then ?!

Not in a million years.

If Benedictus Deras speaks up, he will be convicted and be summoned for student court.

Ah, the transfer student.

Good morning.

Good morning.

I am sure Cid's domitory room is already taken over.
The only place he can go now is ...
It's sort of an aboluste no conflict zone ...
The chapel to west ...

I know, Amelie.
What should we do now, sir ?
Please stop being kind to her.
There is no way I would cause any disturbance here.
We will wait.
However, sir, we can't just stand here and wait for days. We have our duties as students.
One of rules of being E.E. is to attend our duties as students.

Cid has a strong desire for food.
I dare to say that he has never been able to skip a meal.
This won't last days.
Watch the exit firmly. Ready teams for shifts.
Do make sure that no water and food can get in.
Yes, sir.
Cid's a human, too. I guess he will come out when he's hungry.
I really hope that E E- will be able to get rid of Cid for good !
Faz, fighting !

Hungry.
I am hungry !
Where the hell is the guy who brings us food ?!

You sent him to hospial, remember ?
Ah, yeah.
Hmph, I kind of miss him now.

He was very good at getting easily sold-out breads.
That was his only ability, captain !
I am the only one who's fit to be your right hand man !
Bring me breads then.
He has a good noble root and that's it !
!!
But I, Kesha Alonso, am different !
I am perfectly fit to be your advisor !

What to do ?
I will get caught by E.E. if I leave now.
But trust points gained in despeate situation are worth every point !
I need to earn his trust so that I can get a good position in Grande corp in the future !
But if I leave here now ...
I am in pinch !

Ahah, I've done so well so far ... but but...
Don't fall into despair, Kesha Alonso ! There must be a way out of this pinch !
It looks like I am a tragic hero from one of those greek plays !

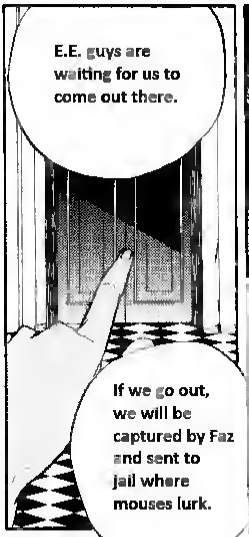
Ah-
Eeek !
My belly !

I am so sorry ! But my belly hurts so much !

Daniel over there will get you breads instead !

You batter check yourself at a hospital.
So many belly and stomach troubles.

I don't care who ! Just get me some breads !
I feel like my belly skin is touching back skin !
No can do, Cid.



E.E. guys are waiting for us to come out there.
If we go out, we will be captured by Faz and sent to jail where mouses lurk.

Mouse
The icon of bad hygiene.

Well, we've been here since last evening, so yeah, we are all hungry.
Uh, *burp*

Hey, watch that !
And that shirt of yours look pretty dirty, too ! How long have you been wearing it ?!
Well, 2 weeks ?
I don't want to hear that from someone who's been wearing the same shirt for 2 weeks !
Hehe
Cid, you are a clean freak.
Being a little dirty is good for your immune system.
Something is suspicious about him, captain !
Why would he burp if he hadn't eatten since last evening ?!
What ?!
Oh, yeah ...

I've brought enough for you guys, too, but it's gone.
